It's Coming: Chick-Fil-A Scheduled to Open In August

CEDARVILLE, OHIO -- Cedarville University students will return to campus in early August in time to help dedicate the Chick-fil-A restaurant that is nearing completion on campus. The 15,000 square foot eatery will seat 300 people at the facility that will provide people with scenic views of Cedar Lake and the campus. The building will also provide additional space for students to interact and study, as it's strategically located next to Centennial Library.

Cedarville University is expected to officially dedicate the building August 15. It is one of three new buildings that open in August for the 2020-21 academic year. The other two buildings are a residence hall that will house approximately 300 students and the civil engineering building.

All three buildings are part of the university's 10-year campus master plan.

In the planned partnership between Cedarville and Chick-fil-A, the two will develop the building space, kitchen and serving areas to accommodate operational needs while creating an environment that builds community and engagement.

Located in southwest Ohio, Cedarville University is an accredited, Christ-centered, Baptist institution with an enrollment of 3,963 undergraduate, graduate, and online students in more than 150 areas of study. Founded in 1887, Cedarville is recognized nationally for its authentic Christian community, rigorous academic programs, strong graduation and retention rates, accredited professional and health science offerings, and leading student satisfaction ratings.
